Mechanisms of chromium emissions from Wool Fiberglass Furnaces Final.pdf

Last thing I swear – can you print this and put on my chair if you have a min? Thanks! My computer keeps crashing when I try to print (super helpful).

Katie,

This document was developed specifically regarding wool fiberglass but sheds some light on the mechanisms involved. I also recommend the references cited for additional explanation/information

I'll be looking for the other materials we discussed.

Hi Susan –

If I remember correctly, you were the guru behind the area source glass rule, is that correct? We have a VERY hot issue related to metals near an art glass facility **Ex. 5 - Deliberative Process**  
**Ex. 5 - Deliberative Process** I would be so grateful if you had a few minutes where I could pick your brain. Please call me at your earliest convenience 206-553-2143. Thanks.
